M761R DELUXE RIBBON DISPENSER/CUTTER

This portable countertop unit is designed to offer attractive, compact, convenient, dispensing and cutting for gift wrap bolt ribbon. It features a fast, safe, sure hand-operated cutting system which eliminates the need for scissors. The cutter assembly consisting of a carbide rotary blade with hand grip mounted on a slide rod guide and a stainless steel cutting surface is combined with a ribbon hold-down spring to assure flawless feeding and cutting for up to a width of 18" of ribbon bolts. Hinged top lifts for placement of ribbon bolts in the recessed holding tray. An adjustable bolt holder provides stability when the full width of the holding tray is not filled. The dispenser is finished with gray baked powder coat. Rubber, non-skid feet are provided to protect counter surfaces and prevent sliding. The unit is shipped assembled via UPS.

IMPORTANT: THIS UNIT USES A STAINLESS CUTTING SURFACE THAT WEARS UNDER NORMAL USE. LOOSEN END SCREWS AND ADJUST TO FLAT SURFACE AS NEEDED, TURN OVER FOR ADDITIONAL USE.
